Summary Of Qualifications :

- A proven track record, with National & International recognition & experience, in the diverse fields like- Sales & Marketing; Agriculture & Rural development; Mining & Housing; Telecommunication & Security; Healthcare & Automobiles; Planning & Administration etc in the Government, Multinational & Private sectors.
- Excellent interpersonal skills with professional attitude helped me to see tough jobs and challenges through, as a team member/ leader.
- Currently, implementing a Developmental Model from the grass root levels by converging all the programs & schemes in remote districts of Uttar Pradesh.

With Private Sector :

- Got my sales & marketing skills sharpened while working with **Monsanto**. Targeted promotional campaigns, dimensional sales management, excellent negotiation skills enabled me to become the Country Sales Manager within 3 years of joining it.
- Headed several companies dealing with Agri. Inputs, equipments and irrigation systems and introduced new technologies & products into the country.
- Was awarded global “ Trail-blazer Award ” in California USA in 1993, for innovative marketing of computerized irrigation technologies in India acknowledged even by Merrill Lynch.

With Public Sector:

- At a time when 3 Managing Director's, in a year, sought transfer from the troubled PSU in Karnataka, accepted the challenging offer to help in reviving Mysore Minerals Ltd & KHB in July 2004 and 2006 subsequently.
- A perspective plan was prepared for the Karnataka Cabinet Sub-Committee to convince the Government not to sell off the loss making company, with a base price of about Rs. 90.00 crores.
- Consequently, the company showed the remarkable turn- around with a profit of more than Rs. 50 crores which exceeded the highest turn-over achieved earlier by the company.
- The profit and the sales figures, during the next year, again registered 100% increase .
- The valuation of the company in 2006 was around Rs. 5,000 crores.

With Government:

As Advisor to the Ministry of Rural Development ,Government of India, handled.

- Modification/Revision of guidelines of watershed development schemes – Ministry of Rural Development, Govt. of India in 2001
- On the ground evaluation of watershed development & other Rural Development programs in the country.
- Convergence of various Schemes and programs of Government of India for Integrated Development of Rural Areas.
- Quantification & classification of the land resources in the country
- International cooperation for improving productivity in Indian Agriculture
- Turning around of Mysore Minerals Ltd, A Karnataka Govt. PSU with record profits.

As Advisor to the Deputy Prime Minister & Agriculture Minister ,Government of India:

- Helped in drafting the guidelines for the National Micro-Irrigation program (Drip Irrigation).
- Focused the government's attention on the Wastelands development in India.
- Mooted Public- Private partnership in Agriculture for faster development in our Rural areas.

Formal & Informal Education and Trainings

- *Master's in Horticulture from Haryana Agri. University Hissar with 1st position in 1975.*
- *Bachelor of Science (Hons.) in Agriculture from H.A.U. Hissar with Distinction in 1973.*

Greater part of my personality has been shaped up by informal education and numerous training programs attended in several leading countries.

- Frequent visits abroad to about **26 countries** and interactions with scores of different experts in diverse fields & sectors, helped me to develop a multi-dimensional personality with a much broader perspective.
- Extensive trainings in Hi-Tech Agriculture; Post –Harvest techniques; Sales & Marketing management; Negotiation & Communication skills management; Soil & Water conservation; Pollution control & Environmental techniques, **from countries like – USA, Israel, Singapore, Canada, UK. etc**
